

Maneuvering through the Maze of Canada's Immigration System

Test your knowledge with the Pre-Event Quiz

Response options (circle one): False (F), True (T), Not Sure (NS)

- Does more immigration mean more crime? F T NS
- Refugees and immigrants are a drain on our economy and cost Canadian's tax money. F T NS
- Does Canada accept more than its share of refugees? F T NS
- Is there a difference between immigrants and refugees? F T NS
- Are people who come to Canada with false I.D. phony refugees? F T NS
- Canada is not careful about determining who are real refugees. Therefore, it is easy for bad people to come and hide here. F T NS
- Does immigration make Canada vulnerable to terrorism? F T NS
- Refugees and immigrants take jobs away from 'real' Canadians, increasing unemployment and decreasing wages. F T NS
- People who come to Canada and then say they are refugees, don't deserve help as much as refugees living in other countries. Canada should have strict laws about getting into Canada and only choose refugees overseas. F T NS
- If we welcome newcomers who have a different cultural heritage and different religious values, Canadians won't have a strong feeling of togetherness or loyalty to the group and social problems will grow. F T NS
- According to the 2016 Census, what percentage of Canada's population is comprised of immigrants? (circle one)
- 9.7%, 17.4%, 21.9%, 30.1% or 34.3%
