

fmi*igf Journal

The *fmi*igf Journal* is a professional publication that delivers timely, reliable and relevant news three times a year to 2,400 members and covers a broad range of government accounting, auditing, and financial management topics of concern to professionals. High profile columnists, public and private sector professionals, researchers and university and college professors provide very insightful articles covering diverse topics related to financial management. This sponsorship opportunity will allow your organization to promote its products and services to financial management related organizations and government departments across Canada.
